CHANDRAKANTHI  
PUBLIC SCHOOL

## A school system that encompasses 'life skills' learning

Chandrakanthi Public School is ever sensitive to its role in ensuring that the learning experience of its wards is a gainful and positive influence in their lives. The school is committed to deliver 'best-in-class' education to its wards making it possible for them to gain knowledge that is insightful and functional which helps them reach specific goals in life.

At Chandrakanthi Public School, children are encouraged to be their individual selves with the education plan focusing on honing and polishing skills that are inherent in them and supporting them with newer skills that they need to acquire. The school envisages its role as that of preparing its wards for responsible positions in society that they will some day lead by distinction. Besides ensuring knowledge competence, the school aims to instill in children strong compassion to fellow beings and helps them build strength of character.

Chandrakanthi Public School awakens the child's natural curiosity for knowledge through varied activities including classroom learning, sports, self-study, experimentation and extra-curricular activity. The children are encouraged to take up hobbies, participate in social activities, gain confidence and improve public speaking and social skills through specially designed programmes for them.

### Vision

To provide and sustain a learning environment with model facilities, which is conducive to developing the intellectual, social, physical and emotional potential of each child, thereby imbibing academic excellence, exemplary character, social consciousness and concern for environment.

### Mission

- Create a stimulating and challenging learning environment where students will discover and develop their full potential.
- Attain highest academic standards by constant review of curriculum, engaging the best facilitators and benchmarking standards against the best.
- Provide students with an opportunity to participate in activities that promote physical fitness.
- Inculcate respect for all religions and cultures with a strong emphasis on dignity of the individual.
- Provide a strong platform towards developing ecological and environmental awareness.
- Involve all stakeholders in the improvement / development process of the school.

## 'Built-to-suit' infrastructure for superlative learning experiences

The unique 'life skills' learning plan at Chandrakanthi Public School is complemented by superlative infrastructure that has been designed especially for specific learning experiences.

Well-ventilated, well-lit, modern, state-of-the-art classrooms ensure space and comfort for children, while a well-maintained canteen serves hygienic food for children who opt to eat at school.

Separate labs for Physics, Chemistry, Biology, Computer, Math and English provides for specific focus in skills development for the children.

The library with a mezzanine floor abounds in books of intrigue for children of all ages on a wide range of subjects including that of general interest stories.

Team sports like Cricket, Football, Volleyball, Basketball, Tennis, Badminton and Hockey are opportunities that children can indulge in for active physical training.

The specially designed courtyards in the school campus is a meeting ground of cultures, faiths and religions to coexist without boundaries or bias.

### Academic Upgradation - Grade V onwards

Subjects include English, II Language (Hindi / Tamil), III Language (Hindi / Tamil), Mathematics, Science (Physics, Chemistry, Biology), Social Science (History, Geography, Civics, Economics), Information Technology, Value Education, Art & Craft, Yoga and Physical Education, all complemented by appropriate infrastructure and coaching best suited for each activity.

# Ensuring Competitiveness through CBSE Curriculum

In an effort to provide a nationally acknowledged curriculum, Chandrakanthi Public School follows the CBSE (Central Board of Secondary Education) curriculum for Classes 1 - 12.

The CBSE Curriculum offers numerous advantages, key among them being:

- Innovative teaching, learning methodologies by devising student friendly and student centered paradigms
- Continuous reforms in examinations and evaluation practices
- Skill learning by adding job oriented and job linked inputs
- Up-to-date pedagogical skills of teachers and administrators by conducting in-service training programmes, workshops & Seminars

Further activities that support the focus of education at Chandrakanthi Public School include engaging the child's interest in:

- Creative writing, Poetry, Non-native language studies, Communication and Public speaking skill development
- Music: Learning of musical compositions, training in vocal and instrumental music
- Craft and Skill based activities that include working and understanding different media like wood, clay, metal, etc. to develop strong space utility sensitivity
- Art & Expression based activities including Theatre, Dance, Body-toning sport like gymnastics & aerobics
- Co-curricular mind games that enhance comprehension, analytical and problem-solving skills of the child through core subjects like Mathematics & Science

Registration  
for admission is  
currently open  
for Grade  
I to VIII

# Primary & Middle School

Chandrakanthi Public School while following the CBSE pattern, sets strong learning foundations in the child through its Montessori programme. Children are encouraged to invoke their spirit of enquiry in all learning activities and hence comprehend knowledge better. Hands-on activity-based learning tools, interest-intensive teaching aids and technologies support students with assisted learning processes.

Subjects taught include English, Hindi, Tamil, Mathematics, Environmental Science, Social Studies and Physical Education.

Co-curricular activities in the primary level include engaging children based on their individual interests, in communication skills training, performing and visual arts, music, yoga, athletics, swimming & team sports.
